

Please properly bag all household garbage/waste

A Sustainable Truck for a Cleaner World

Waste Industries is proud to introduce its fully *Compressed Natural Gas (CNG)* trucks to Myrtle Beach! Our new fleet of compressed natural gas vehicles run cleaner, quieter, and burn less CO2 than any diesel alternative, decreasing our impact on the environment and on your local community.

The fleet will use *Automated Side Loader (ASL)* arms, meaning there will be changes to how your container needs to be placed at the curb. For details on this matter, please review the container placement guidelines on the back of this card.

◀ ASL GUIDELINES FOR CONTAINERS

HOW TO BEST PLACE YOUR CONTAINER

Container placement is essential to **Automated Side Loading**. Please remember we don't want to damage your property, so be sure to keep your container **AT LEAST 10 feet away from:**

- Mail Boxes
- Vehicles
- Street Lights
- Electrical Posts

Please properly bag all household garbage/waste.

WASTE INDUSTRIES
3010 Highway 378
Conway, SC 29527

The container opening must be facing *into* the street with the handles and wheels facing your home! See below for the best placement of your cart:
